### **\*\*\*New This Year -- Add to any Tour!!!**

Stay a little longer after your tour this year and let your class become explorers with the Barn-n-Bunk Mining Company. For \$5.00 per person your students can access our new Gem Mining Sluice! Each child will get a bag of their very own mining rough and will be able to "pan" it to reveal their gemstones.

Once they have panned their gems they can head over to the information panels and research and discover which types of gemstones they panned. Each child will get to take home their very own bag of gems!
